Informed Consent of Care

Welcome to Center for Women's Health! We are excited that you chose us as your women's health care provider. We care for women at various stages of their lives, to include Gynecology, Obstetrics and Infertility.

Our physicians are a group of experienced and dedicated professionals who are diverse in gender, race, and culture. We are committed to providing you with high quality, personalized and compassionate care. We use technology to provide information on your laboratory results, upcoming appointments, and educational resources. In addition, we are a part of a diverse gender call group and we offer an after-hours answering service to assist with calls when we are not in the office.

United by our experience, commitment and technology, we work together in a spirit of communication, collaboration, and harmony to offer you the best possible care. We collaborate as a team to bring excellence in healthcare therefore, it is very likely that a male or female provider may attend to your medical care while in our practice. We believe that each of our providers are capable of providing the same level of exceptional care that you expect.

We celebrate our diversity and welcome you to Center for Women's Health family. We look forward to sharing this time with you.

By signing this document you agree that your medical care can be provided by both male and female physicians.

Sincerely,

Drs. Fagbohun, Rios, Nelson, Olude, & Hulin
